

POPCORN MAN IS  
A MILLIONAIRE

Oil is Struck on His Property in Oklahoma When He is "Down and Out."

Dalhart, Texas, Nov. 16.—From popcorn vendor to oil king in a pretty big jump, especially for an old man. Twelve years ago A. B. Wall sold a mile to a half-breed Indian at Cushing, Okla., for \$125, taking a note therefor. At the maturity of the note, the half-breed had no money with which to pay it, and proposed to deed to Wall five acres of land only a short distance from the village if the latter would cancel the note, to which Wall reluctantly agreed.

So little did Wall regard the value of the land that several years ago he quit paying the taxes on it, and left Cushing with a carnival company to try to make some sort of a living for himself and aged wife. The two worked together selling popcorn wherever the carnival company stopped until a few months ago, when, while at Dalhart, Mrs. Wall became suddenly ill and a surgical operation became necessary, from which she failed to rally.

The old man, grieved at the loss of his companion, and, being tired of traveling, decided to abandon the company and remain at Dalhart. Accordingly, with a few dollars he had been able to save, and a few more dollars advanced to him by a newly-made acquaintance, he constructed on the street corner a one-room shack in which he made and served popcorn, peanuts and chile.

A few days ago a telegraphic message came from a friend in Cushing, a banker, who, after Wall had abandoned the land, continued to pay his taxes for him, saying that oil had been struck in two wells within 30 feet of his line, and advising him not to accept any offers from anyone at present.

Wall has left his popcorn business in the hands of a friend and gone to Cushing, but not until he received offers ranging from \$5000 to \$100,000 for a lease.

In obedience to the banker's advice, however, he refused to accede to any proposition, and referred them all to his banker friend.

GASOLINE WASHING MACHINE  
CATCHES FIRE; CLOTHES BURN

A gasoline clothes washer at the Wooten & Kellie cleaning works, 701 Texas street, Monday afternoon at 2:15 o'clock, summoned the fire department. The flames were extinguished after destroying several garments.

Says Woman's Beauty  
Depends Upon Health

Health and Vigor Necessitate Regulation of Organs of Elimination.

Skin foods and face creams and powders cannot make a woman beautiful, because beauty lies deeper than that. It depends on health. In most cases the basis of health and the cause of sickness can be traced to the action of the bowels.

The headache, the lassitude, the sallowness, and the listless eyes are usually caused by a sluggish bowels. An ideal remedy for women, and one that is especially suited to their delicate organization, is found in Dr. Caldwell's Syrup Pepsin, a mild laxative compound, pleasant to the taste and free from opiates and narcotic drugs of every description. Mrs. Gertrude Jordan, 322 North Liberty St., Indianapolis, Ind., says: "It is simply fine; I have never been able to find anything to compare with Dr. Caldwell's Syrup Pepsin. I started using it for the baby and now it is my family's friend in all cases where a laxative is needed."

Dr. Caldwell's Syrup Pepsin is sold in drug stores for fifty cents a bottle; a trial bottle can be obtained, free of charge, by writing to Dr. W. B. Caldwell, 454 Washington St., Monticello, Illinois.

**Resinol Soap**  
clears bad complexions

If you want a clear, fresh, glowing complexion, use Resinol Soap at least once a day. Work a warm, creamy lather of it into the pores, then rinse the face with plenty of cold water.

It does not take many days of such regular care with Resinol Soap to show an improvement, because the Resinol medication *soaks and refreshes* the skin, while the pure soap, free of alkali, is *cleansing* it.

When the skin is in a very neglected condition, with pimples, blackheads, redness or roughness, spread on just a little Resinol Ointment for ten or fifteen minutes before using Resinol Soap.

Resinol Soap is not artificially colored, its rich brown being entirely due to the Resinol medication it contains. Twenty-five cents at all drug stores and dealers in toilet goods. For a trial size cake, write to Dept. A-P, Resinol, Baltimore, Md.

THERMOMETER  
REGISTERS FUND

Chamber of Commerce Plans Rapid Fire Campaign for Raising Budget Money.

Directors of the chamber of commerce Monday afternoon considered budget fund raising. Plans for the inauguration of a giant thermometer campaign were laid with a call for specifications and bids on a 20 foot money temperature taker. This will be the first of the coming year.

"Prohibitively," as the chamber's adopted slogan for the coming 12 months is to start in at once, and both El Paso papers are to carry half-page advertisements of what the raising of the budget fund means to El Paso business and small tradesmen, what has been accomplished with the budget funds raised before, and what lies in the path of the metropolis of the great southwest if it will only go after it with vigor and determination.

Ten lists of merchants were distributed and each director of the chamber was directed to get out and hustle for funds. Increased contributions over last year from everyone will be asked, and those who already have expressed their willingness to cooperate.

**Propose Hot Campaign.**  
The larger industrial interests and "big" men of the city are to be approached at once, and the smaller fellows, with just as much kick in them, are to be asked to get out and come up. A quick campaign with lots of punch in it is the word, and the directors have voted to see the raising of the greatest budget fund in this city's history through to a rapid fire finish.

**Vote Army Tournament Expenses.**  
With the opening of the directors' meeting Monday afternoon, a motion was unanimously adopted to ask the budget committee of this year to set aside enough money to care for the expenses incident to the staging here of the big army tournament following Liberty Bell day, not to exceed a specified amount.

Present at Monday's meeting of the directors of the chamber of commerce were president R. B. Orndorff, H. S. Beach, C. R. LeBaron, W. G. Roe, E. E. Seff, secretary M. A. Frazer, and public relations commissioner G. H. Clement.

**FRANK LYON TO SPEAK AT LAW**  
RANNEY OF TEXAS UNIVERSITY  
Frank J. Lyon, of El Paso, will represent the senior class of the University of Texas at the annual banquet of the law students of the university at Austin on December 11. Gov. J. E. Ferguson, the justices of the supreme court and other prominent men of the state will also speak.

Frank Lyon is the son of Tim Lyon, of El Paso, and won the national oratorical contest last year. He will graduate from the law department in May.

MRS. GERTRUDE JORDAN

charge, by writing to Dr. W. B. Caldwell, 454 Washington St., Monticello, Illinois.

GERMAN FARMERS  
GO TO PANHANDLE

Leader Says Could Not Obtain Reliable Information About Valley Lands.

An option on 100,000 acres of land near Crosswell, in the Panhandle of Texas, has been taken over by representatives of the Canadian German colony, with whom the local chamber of commerce has been negotiating with a view to inducing them to pick a location under the Elephant Butte project here. This news was announced Monday afternoon when the representatives of the German colonists passed through El Paso on their way to examine the land under option.

**May Come Back.**  
"This does not mean that El Paso cannot look for us at all," declared the leader of the party. "We may come back here and investigate you further. We have now to confess that we were frightened away from El Paso at first by stories we have learned to have been untrue, or high prices at which lands in the El Paso valley were supposed to be held, and of the oppressive terms imposed upon purchasers by land owners and real estate agents here."

**Were Misinformed.**  
"Had we known as much about the situation in these valleys as we do now, or had we written the El Paso chamber of commerce instead of the real estate service at Washington for information regarding the valleys, we probably would have come to El Paso before being entered into arrangements for the Panhandle land. We had closed our option for the latter before our correspondence with the El Paso chamber reached us. We had heard much about the lands in these valleys under the Elephant Butte project, but all our advice had led us to believe that no lands could be bought for less than \$15 an acre, that from 25 to at least 32 1/2 percent of the purchase price would be required to be paid at once and that the balance would have to be forthcoming in at least two and three years. Most of our colonists, the Germans, who are coming out of Canada, could pay neither such prices nor stand such terms."

**No Reliable Information.**  
"Neither could we get reliable information as to water. We wrote the Canadian service regarding it and received a letter from them to the effect that no one knew at this stage of the proceedings whether there was any water in the valleys. It was said, too, that the ultimate cost would be apportioned among the owners in proportion to the number of acres held by each and that until the project was finally completed, no one would know approximately what must be paid."

**Get Facts At Last.**  
"You can see that under those circumstances we could not think of bringing our people in here. According to the correspondence had with the El Paso chamber, we were told that the owners will be required to pay the government for the cost of the construction of the dam 12 cents per acre per year for 20 years, in addition to the annual charge approximating 75 cents per acre per year. It is understood that possibly a very necessary drainage system will require to be constructed which will be in addition to the cost of the dam and may cause another obligation to the government of \$5 per acre. This would not be bad and had we known approximately what the total cost might be we would not have been frightened away."

**JUDGE LINDSEY IS HELD  
GUILTY OF CONTEMPT; FINED**

Denver, Colo., Nov. 16.—Judge John A. Perry in the district court Monday held Judge Lindsey of the juvenile court guilty of contempt of court and fined him \$500 and costs. Thirty days were allowed for appeal.

The case grew out of Lindsey's refusal to disclose information in the trial of Mrs. Berta Wright, on a charge of murder. Lindsey claimed the information came to him in a privileged manner through the confession of Neal Wright, 12 years old, during the trial. Lindsey was fined because of an alleged confession made at his mother's trial, still in pending in the juvenile court. Mrs. Wright was acquitted.

A dollar saved by buying goods produced elsewhere is a dollar thrown at your neighbor's back.

**OPHELIA**

Don't Worry About Your Face. Press Up In A Smile & Make It Happy.

CATARRH LEADS TO CONSUMPTION

Catarrh is as much a blood disease as scurvy or rheumatism. It may be relieved, but it cannot be removed by simple local treatment. It causes headache and dizziness, impairs the taste, smell and hearing, affects the voice, deranges the digestion, and breaks down the general health, weakens the delicate lung tissues and leads to consumption.

Wood's Sarsaparilla goes to the seat of the trouble, purifies the blood, and is so successful in its treatment. It is known as the "Blood Purifier" and is the only remedy for catarrh.

Wood's Sarsaparilla strengthens and tones the whole system, and is a most effective remedy for all ailments. It is sold in all drug stores and by mail. For a trial size, write to Dept. A-P, Resinol, Baltimore, Md.

**Though Man Is Married  
He May Be Held Liable  
For a Promise To Wed**

Los Angeles, Calif., Nov. 16.—Even though a man is already married, he may be financially liable for a promise to wed another woman than his wife, according to a decision by Judge J. H. Henshaw in the superior court Monday.

The court rendered a judgment of \$2000 in favor of Miss Fern Field of Denver against Vernon Coast, son of a wealthy Long Beach family.

Miss Field sued Coast, who is a married man, for \$20,000. Coast failed to respond to the judge's order of judgment until he could satisfy himself that a married man could be held liable for a promise to wed another woman.

**AUTO THIEVES AND HOLDUP  
MEN AT WORK NEAR YULETA**

Yuleta, Texas, Nov. 16.—Auto thieves and holdup men are in evidence in the valley. An auto belonging to J. I. Reynolds, a Yuleta merchant, was found wrecked on the "cane mile" bridge after it had been stolen here. Dr. Frank Lynch and Mrs. Lynch, while motoring with some friends on the county road one mile below Yuleta, escaped being held up by a narrow margin. A man, apparently a Mexican, and covered with mud, stood in the middle of the road and, with a pistol in his hand, waved for Dr. Lynch to stop. Instead, Dr. Lynch, who was not armed, was turned around and returned to Yuleta for a pistol, and accompanied by deputy sheriff Reynolds, returned to the scene. The holdup man in the meantime had fled.

Mrs. Louis Fox entertained the auction bridge club very delightfully on Thursday afternoon. The dancing hall, where the card tables were played, was decorated with white and yellow chrysanthemums. The tally cards were decorated with Thanksgiving greetings.

With hot coffee and bon bon were served. Mrs. Fox was assisted in receiving and entertaining by her sisters, Mrs. W. H. Walbridge and Mrs. J. H. Lowenstein. The first prize, a silver jewel case, was won by Mrs. McDonald, while the consolation prize, a box of candy, fell to Mrs. Landrum. The guest list included: Mesdames A. L. Peterman, John McDonald, Dan Carr, M. E. Graves, John L. Reed, E. W. White, R. E. Snyder, E. W. Mitchell, Cecil Orchel, W. H. Gleason, Frank Lynch, W. T. Dunn and W. H. Landrum. The next meeting of the club will be with Mrs. John L. Reid.

**WIFE IS GRANTED DIVORCE  
FROM HUNTINGTON WILSON**

Remo, Nov. 16.—A decree of divorce on grounds of cruelty has been granted by the district court to Lucy Wilson from Huntington Wilson. Wilson was assistant secretary of state under Philander C. Knox during the Taft administration.

The decree was granted on grounds of cruelty. Wilson, a prominent Remo citizen, was charged with desertion, but the court denied him relief and granted the decree to Mrs. Wilson, who set up a complete complaint, alleging mental cruelty extending over a period of several years.

**STOP! CALOMEL  
IS QUICKSILVER**

It's mercury! Attacks the bones, salivates and makes you sick.

There's no reason why a person should take sickening salivating calomel when 50 cents buys a large bottle of Dodson's Liver Tonic—a perfect substitute for calomel.

It is a pleasant, vegetable fluid which will start your liver just as surely as calomel, but it doesn't make you sick and run you down.

Children and grown folks can take Dodson's Liver Tonic because it is perfectly harmless.

Calomel is a dangerous drug. It is mercury and attacks your bones. Take it and you will feel weak and nauseated tomorrow. Don't lose a day's work. Take a spoonful of Dodson's Liver Tonic instead and you will wake up feeling great. No more biliousness, constipation, sluggishness, headache, coated tongue or sour stomach. Your druggist says if you don't find Dodson's Liver Tonic acts better than horrible calomel, your money is waiting for you.—Advertisement.

SELF-CONFIDENCE  
CITY'S KEYNOTE

Y. M. C. A. Leader Says Should Beware of Over Exertion and Boom.

"My impression of El Paso," said G. C. Bilheimer, district secretary of the international Y. M. C. A., with headquarters at Denver, "is that it is a city that has grown rapidly. It has grown industrially and commercially much faster than it has grown socially, educationally or religiously. One thing about the city is a preponderance of the masculine element. On the other hand there is much evidence that the frontier which I encountered here 20 years ago."

**City Has Confidence.**  
"This is a city with unbounded confidence in itself and, therefore, a city that ought to look out for difficulties. Such confidence frequently leads to over exertion. Certainly El Paso should avoid all elements that make for a boom. If these things are anticipated and guarded against then there is no need for adjustment."

**Like Salt Lake.**  
"There is another city in the west that is much like El Paso. It is Salt Lake City. The same thing is a cosmopolitan influence, the same character of the city, the same kind of a boom. Mormon influence there is about balanced here by the Mexican influence. There is also in San Antonio something of the El Paso situation. It is a city characterized more by the west than the south. San Antonio is a southern city with a large Mexican population that exercises a large influence in San Antonio."

**Convention Wonderful.**  
"For its size our tri-state convention was the most wonderful that I have ever attended. The size was self-satisfying and an improvement over the former convention by 50 percent. The expressions of local citizens, both laymen and ministers, should have a far reaching effect upon the religious community of the entire association in the southwest."

**Mexican Problem.**  
"The thing that is growing appreciation of the fact that any social order for Mexicans living in the United States should be on the same basis of approaching any other non-English speaking people. In other words, the problem of assimilation of the Mexicans residing in the United States differs only in degree from the problem of assimilation of the nationals of other countries. The association has successfully reached 250,000 of the southwest European now living in the United States, and this is a reason why this method, somewhat varied, might not reach our Mexican brethren in equal effect."

**What Doctors Use  
for Eczema**

A soothing combination of oil of Wintergreen, salicylic acid and healing ingredients called D. D. D. Prescription is now a favorite remedy of skin specialists for all skin diseases.
